

RespectUs @ IAC2022 in Paris

The International Astronautical Congress (IAC) is World's premier global space event and hosts 6.500 delegates during 5 full days in Paris.

With the theme *Space for @ll*, IAC brings together all space communities, alongside the burgeoning global ecosystem and start-ups, entrepreneurs, laboratories, research scientists and manufacturers that could get involved in space activities or benefit from them.

The Hosting Organization is the French Centre National d'Etudes Spatiales (CNES).

RespectUs is present with its Business Analyst Team at the booth J11 of the Luxembourg Space Agency.

The booth showcases in total 12 Luxembourg startups and companies, LSA and ESRIC, and demonstrates the pulsing Luxembourg Space Ecosystem,
